

Mental Health Liaison Group

February 11, 2011

The Honorable John F. Kerry
United States Senate
Washington, DC 20510

The Honorable Olympia J. Snowe
United States Senate
Washington, DC 20510

Dear Senators Kerry and Snowe:

The undersigned national organizations are writing to support your bill, the *Medicare Mental Health Inpatient Equity Act*. This critical legislation eliminates the discrimination against mental illnesses that continues to exist in the Medicare program as Medicare beneficiaries are still limited to 190-days of inpatient psychiatric hospital care during their lifetime. This lifetime limit does not apply to psychiatric units in general hospitals and there is no such lifetime limit for any other Medicare specialty inpatient hospital service.

Through passage of landmark legislation, the *Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008*, Congress put coverage for mental health and addictive disorders on par with other medical disorders. In a bipartisan fashion both of you led the effort with important legislation to equalize the Medicare outpatient coinsurance for mental and physical health that also became law in 2008. We must now finish the parity job and finally give Medicare beneficiaries the full parity that other individuals now have.

We urge Congress to eliminate the Medicare 190-day lifetime limit for psychiatric hospital care by passing your bill. This would improve access to inpatient psychiatric care by allowing Medicare patients coverage in freestanding, psychiatric hospitals. The elimination of the 190-day limit will equalize Medicare mental health coverage with private health insurance coverage, offer beneficiaries the choice of inpatient psychiatric care providers, increase access for the most seriously ill, improve continuity of care and create a more cost-effective Medicare program.

We look forward to continuing to work with you to enact this legislation and eliminate discrimination against Medicare beneficiaries with mental health and substance use disorders.

Sincerely,
